WHO WE ARE

Family-owned since 1972, ABC Companies provides transportation solutions designed to support efficient, long-term fleet operations. Serving markets across North America, ABC offers new and pre-owned vehicles for up to 81 passengers, supported by maintenance, parts, technology, and financing solutions. Built on trust, integrity, and a legacy of innovation, ABC is redefining the standard in passenger transportation.

Fleet operators and transit agencies face ongoing pressure to keep vehicles moving, control costs, and deliver a reliable rider experience. ABC partners with customers to solve these challenges through flexible, end-to-end transportation solutions that extend beyond vehicle sales. We help organizations of all sizes stay ahead, whether they are expanding their fleet, extending vehicle life, or improving operational efficiency.

HOW WE SERVE

Passenger Transportation Vehicles

A broad selection of new and pre-owned vehicles, including motorcoaches, transit buses, and specialty vehicles from trusted brands like Van Hool.

Customer Support & Training

24/7 live support combined with targeted training programs that reduce downtime and improve operational readiness.
